

Sunday, June 17 - 24

We are now under 30 days from the **Bach Virtuosi Festival** and we continue to be pleased that there has been significant interest in **tickets**, primarily due to the early bird season ticket pass of \$100 for four tickets. We expect tickets to sell out, so consider taking advantage of the 28% savings through **PortTIX** by buying them in advance, available by phone, online or at the box office.

We continue our **Videos with the Virtuosi** series with soprano **Sherezade Panthaki** and countertenor **Jay Carter**, two singers who are beloved by our Portland audience because of their exquisite performances last summer. In this part one of their candid interview, Sherry and Jay share their feelings about **Bach, Handel**, and the acoustics at **St. Luke's Cathedral**. We will share more footage of our interview in June. We are fortunate to have Sherry and Jay joining us once again and performing in three concerts -- June 17, 21, and 24.

Please enjoy this video interview and consider forwarding this e-mail with friends and family, who enjoy classical music. Recommend that they sign up to receive our newsletters and attend one of our performances in June.

Video: Jay Carter and Sherezade Panthaki on Bach and Handel
